**Harvested:** September 2019

**Bottled:** 10 March 2020

**Released:** 1<sup>st</sup> May 2020

---

### WINEMAKING

- hand harvested over 3 ripeness levels to display the diverse characteristics of this grape variety
- a portion of the fruit received skin contact before gentle pressing
- ferments conducted 90% in stainless steel tanks and maintained at cold temperatures to protect the delicate aromas & 10% barriques for added body and complexity
- 3 – 4 week ferments then the wine was given 4 months on lees
- careful blending and light filtration prior to bottling

### TASTING NOTE

Our Sauvignon Blanc is crafted to present a crisp, dry wine that offers aromatics of lime zest with a hint of jasmine. Experience mouthwatering flavours of green gooseberry, prickly pear and pomelo finishing with lingering notes of fresh cut grass and thyme.

Pair with a crisp, green papaya salad or grilled prosciutto wrapped asparagus spears.

This wine is best enjoyed in its youth when it is showcasing the great characteristics of vibrant acidity, citrus and green notes.
