Harvested: September 2020

Bottled: 17 March 2021

Released: 30th April 2021

WINEMAKING

- hand harvested over 3 ripeness levels to display the diverse characteristics of this grape variety
- a portion of the fruit received skin contact before gentle pressing
- ferments conducted 95% in stainless steel tanks and maintained at cold temperatures to protect the delicate aromas & 5% barriques for added body and complexity
- 3 – 4 week ferments then the wine was given 4 months on lees
- careful blending and light filtration prior to bottling

TASTING NOTE

Our Sauvignon Blanc is crafted to present a crisp, dry wine that offers aromatics of pea shoots, grapefruit and with a hint of honeysuckle. Experience mouthwatering flavours of gooseberry, ripe pear and passionfruit finishing with lingering notes of fresh cut grass and minerality.

Pair with a crisp, green papaya salad or grilled prosciutto wrapped asparagus spears.

This wine is best enjoyed in its youth when it is showcasing the great characteristics of vibrant acidity, citrus and green notes.
