Residual sugar: 4g/l

Harvested: October 2020

Bottled: 18 March 2021

Released: 30th April 2021

WINEMAKING

- hand harvested and pressed after a small amount of skin contact to extract all the fruit flavour
- 80% of ferments were conducted in stainless steel tanks and maintained at cold temperatures to protect the delicate aromas
- 20% fermented in concrete egg tank to increase the mouthfeel
- left sur lie for 4 months to develop creaminess and weight
- careful blending and light filtration prior to bottling

TASTING NOTE

Our Semillon is a highly fragrant, textured wine with beautiful layers of chamomile, green kiwi and lemonade that carry through to the palate along with lemon curd, custard apple, cardamon, and beeswax. Finally, a lingering finish reminiscent of sage butter.

Savour a glass or two with a smoked salmon parfait or Chicken Marabella.

We encourage you to cellar a couple of bottles for 7+ years to experience the alluring rich bouquet that a well-made and cellared Semillon offers. The viscosity enhances its elegance along with developed toasty, silky notes evocative of Seville orange marmalade on brioche, orange blossom honey, dried fig and sweet hay.
